GM Heritage Center

6400 Center Drive
Sterling Heights, MI 48314

GM HERITAGE CENTER TOUR

SAE Detroit Section has arranged this private tour, which normally is only open to GM employees, analysts, and the media. The GM Heritage Center is not just a museum, but a cross between the ultimate automotive enthusiast's garage and a living repository of automotive history.

More than 150 vehicle exhibits and historical memorabilia representing 10 decades are represented. The vehicle collection showcases a wide range of GM design, technology, and innovation. Guests will have the opportunity to see past and current concept vehicles, muscle cars, as well as historically significant vehicles from various eras. The Center is always changing with vehicle exhibits being constantly refreshed.

By highlighting the exciting designs, groundbreaking technology, and powerful brands that have comprised GM's first century, the GM Heritage Center will help inspire new generations of enthusiasts and make the company even stronger in years to come as GM moves toward a second century of operations. This is evident by great designs, both legendary and recent, like the sixth generation Corvette, Cadillac 16 Concept Vehicle, and the Pontiac Solstice.

This is a great opportunity for SAE members to take advantage of the landscape, and experience the history.

The tour is limited to SAE members and their guests. Pre-registration is required.

For questions or sponsorship opportunities, email Roxanne Loeffler at roxanne.loeffler@sae-detroit.org or call (248) 324-4445 ext. 3.
