Need a Mentor?

Join us at the GLEAM Workshop!

The *Girls Learning Engineering and Mentoring* (GLEAM) Workshop is for high school students to promote gender diversity and inclusion focusing on networking and mentoring across topics that are of particular interest to women in Science, Technology, Engineering and Math (STEM) professions.

The workshop aims to engage, educate, and empower students on the facts and issues regarding gender diversity in STEM, and provide an opportunity to learn, ask questions, and network.

Who can participate? All high school students and their parents/guardians. The workshop is focused towards high school girls who are thinking of majoring in engineering or technology fields, and want to learn more from professionals from their experiences.

Who are the mentors? Female professionals in the automotive industry and collegiate students majoring in engineering.

Join us for this fun free workshop to ask questions and meet new people involved in engineering!

Important Note: Pre-registration is required by April 24. Continental breakfast will be provided.

No cost to
attend!

To register email:
roxanne.loeffler@sae-detroit.org
or call (248) 324-4445 ext. 3.

Registration closes April 24
