

Tabitha Colter, Director of Operations, PAVE (Partners for Automated Vehicle Education)

Tabitha Colter is Director of Operations at Partners for Automated Vehicle Education (PAVE). In addition to internal organization management, Tabitha also oversees many of PAVE's outreach efforts including demonstration events, new member recruitment, policy workshops and both advisory councils. Prior to joining PAVE, Tabitha attended Duke University as a National Science Foundation Graduate Research Fellow where she focused on autonomous vehicle research and received her Masters in Bioethics & Science Policy.
