An SAE International Newsletter for SPONSORS, FACULTY, PROFESSIONALS, AND STUDENTS

SPOTLIGHT

Our SAE International student chapter would like to thank all of our **SPONSORS** for the 2009-2010 academic year. Thanks to your support, our members have the opportunity to work on the most challenging yet most rewarding projects that universities and colleges from all around the world can take a part in Formula SAE, Formula Hybrid, and Baja SAE.

Your support and contributions allow our student members to develop skills that will prepare them for **industry**: the top of their class and the best prepared graduates for their respective industries.

Thank you for your support and thank you for giving us this opportunity.

BAE SYSTEMS

An SAE International SJSU Spartan Plutonium Sponsor BAE Systems has contributed more than \$15,000 in support of our Formula SAE, Formula Hybrid, and Baja SAE Teams.

For more information about BAE Systems please visit www.baesystems.com

IEEE International SJSU Gold Sponsors

Inland Metal Industries has donated more than \$2,500 in raw material to support of our Formula SAE, Formula Hybrid, and Baja SAE Teams.

For more information about Inland Metal Industries please visit www.inlandmetal.com

SIMS METAL

Sims Metal Industries has donated more than \$2,500 in raw material to support of our Formula SAE, Formula Hybrid, and Baja SAE Teams.

For more information about Sims Metal please visit www.sims-mm.com

IEEE

The Santa Clara Valley IEEE section has contributed \$2,500 to support our first Formula Hybrid team.

For more information about the SCV IEEE section please visit www.eewhseee.org/6scv/

SILICON VALLEY INTERNATIONAL AUTO SHOW

Motor Trend Auto Shows, LLC has donated a booth to our SAE International SJSU student chapter for the 2010 Silicon Valley International Auto Show. We will be displaying our award winning 2009 Formula SAE racecar as well as our 2010 Formula SAE and Baja racecars.

JUNE 2010

An SAE International Newsletter for SPONSORS, FACULTY, PROFESSIONALS, AND STUDENTS

2010 SJSU Formula SAE West

By: John Wolf
2010-2011 FSAE Vehicle Dynamics Team Lead

June 16 2010, our SJSU FSAB team was among the very first to arrive at Auto Club Speedway, Fontana CA. That's because a few of our members drove throughout the night, pulling an exhausting all nighter. Everyone who wasn't too sleepy was very excited to finally be at competition. The first day was scheduled for team registrations and vehicle technical inspections. Unfortunately, through a "take a number" system error, we wound up near the end of the line for tech inspections which delayed our schedule for the next few days. This worked out just fine though, as many team members were eager to catch some z's in the shade after a long night's travel. A few of us took this time to wander through the paddock and meet the other 80 teams that have arrived from all over the world, including teams from India, Japan, Mexico, and Canada.

At the end of the day, SAE International had a raffle going for all teams. The first giveaway was a delicious \$150 gift certificate to Burger King. The second and final giveaway was a 182 piece Craftsman tool set encased in a red box that shined like a gem. Our team was there to see the winning team run off to Burger King to fill their growing stomachs. All the other teams watched us walk away with almost 40lbs of engraved bling that read Craftsman. So despite our scheduling setbacks throughout the day, everyone was in great spirits. After a bit of relaxing, our team made final preparations for the design, business, and cost events.
